

SINGLE USE

CLINICAL CONSUMABLES

OUR GOAL IS TO SIMPLIFY DENTISTRY AS YOU KNOW IT

Minimising instrument preparation into one easy step, our single-use instruments will streamline the way you work. Quick, convenient and stress-free, they are improving dental clinics on a daily basis.

Pre-packed and sterile, they arrive ready for use. Removing the need for sterilisation allows you to focus on what's important: delivering high-quality patient care.

We know running an efficient clinic can be a juggling act. Our instruments will save your team time and take the stress out of a busy schedule.

Join us and take a convenient approach to dentistry.

**FM200**

Face Mask

- With Ear Loops

Level 3 Single-Use Face Mask with Earloops. Our surgical masks contain high-level particle and bacteria filtration systems to help protect you from harmful viruses, by covering the nose, mouth and chin area. When securely fitted, these masks help to provide an effective barrier to particulate matter.
